1. Reference is made to Paragraph 1 a., of Reference (a) (Enc. 1.) This office has taken no action to review the "past practices", nor is such action planned, due to the fact that this office does not have cognizance over reimbursement procedures and actions and is not normally aware of individual reimbursement actions when the Logistics Office is not involved in arranging for shipment. Such matters normally would be handled by and between the individual or the operating element concerned and the Office of the Comptroller.

2. Reference (b) (Enc. 2) sets forth an opinion of the Assistant General Counsel in which he states that in the absence of specific and contradictory provisions of our regulations, the Foreign Service Travel Regulations can be followed.

3. With reference to Paragraph 1. b. of Reference (a), this Office will take action to include appropriate material regarding reimbursement for transportation expenses for new automobiles in proposed Regulation ☐ "Shipment and Storage of Privately-Owned Motor Vehicles."
